

## **Enfield Cemetery Trustees Minutes 19October2023**

Present: Ainsley Klauser, Brian Degnan, Peggy DeStefano, Rick Argent(DPW), and Bridget Labrie (Sextant)

1758 Ainsley calls meeting to order

1759 Brian moved to approve minutes. Second from Peggy. Passes unanimously.

1800 Cemetery sextants report

Burial that was planned got pushed out. A couple stones are being placed. We have a bench Countryside that we need the flat stone in front of to move a bit, so Rick will do that. Last week, was New Hampshire Cemetery Associations fall meeting, there was someone with GPR (ground penetrating radar). We might need/use his services in the future. Also, Bridget would like to take some of the paper maps, and make them digital. The cards and Pontem data aren't always as good as the maps with the hands notes. There was also a green burial talk, and there were a lot of references to Lebanon.

1815 Public works report

New medal detector is in-house now. 5 trees were removed at lake view. In the process of cleaning up Lockehaven leaves. Another burial scheduled for the 27th. Will still close cemeteries on 01 Nov 2023. Will go through and clean up plastic markers. The Dunham grave doesn't have a stone, but flowers, so that needs to be addressed. It would help if stone placement was expedited. Also, we need to get the stumps ground at Lakeview.

1831 Public comment: No public

1831 New Business

Regarding next year's projects, the signs are almost done. We should come up with a way to clean stones next year. Perhaps we can get some volunteers. We should also arrange a cemetery tour for the Trustees. Next meeting is 09MAY2024.

Brian notes it is his final meeting as he is stepping down from being a Trustee.

1903 Ainsley motions to adjourn. Brian seconds.
